

Fire Company Opens Battle Anniversary With Dedication Of New Mack Pumper Tuesday

The Gettysburg Fire Department opened its celebration of the 89th anniversary of the Battle of Gettysburg Tuesday night with the dedication of its new Mack fire truck at the Recreation Park.

"A community is just what you make it. It is made by the people who live in it, and we in Gettysburg have a wonderful community because those who live here work together for the common good," Judge W. C. Sheely, president judge of the Adams County courts, declared in the dedicatory address.

"It was through this spirit of cooperation and working together that this recreation field came into being, and it was through the same cooperation and community spirit that the Gettysburg Fire Department was formed and expanded. Both were accomplished by the people working together."

Example of American Way
The world today is confused. People are seeking everywhere a better way of life. In their search they have adopted many false philosophies. In most cases they have sought the easy way, hoping to get the benefits without paying the price. The curious thing about these philosophies is that they resent every good thing that we have in this country, without thinking to adopt these things for themselves but seeking to destroy them here.

"One of the best examples of the American way of life is the volunteer fire company. When the fire siren sounds, it isn't a question of who the man is, but how he can serve. It is not a selfish job. No one profits; it is a job of protection to the entire community.

"All too frequently we take what we see day after day for granted. But because of the volunteer fire company, our insurance rates are the lowest we can get and our property losses from fire low. (Continued on Page 14)

GEO. E. SANDERS EXPIRES AT 85

George Ellsworth Sanders, 85, Iron Springs, died this morning at 2:40 o'clock at the Warner Hospital. He had been in ill health for about three years.

He was a life-long resident of the Iron Springs section and was a son of the late James O. and Dorothy Ann (Keppeler) Sanders. The deceased was a member of St. Mary's Catholic Church, Fairfield.

Surviving are his widow, the former Amanda Cool; one son, Clarence, Gettysburg R. 2; 13 grandchildren and 28 great-grandchildren. Funeral services Saturday morning with a requiem mass at 9 o'clock at St. Mary's Church conducted by the Rev. Francis McCullough. Interment in the church cemetery. Friends may call at the Allison Funeral Home, Fairfield, Friday evening after 7 o'clock. The Rosary will be recited Friday at 8 p.m. at the funeral home.

Friday To Be Holiday For Most Countians

July 4 will be a holiday for many Adams Countians.

There will be no postal deliveries, either local or rural. Postmaster Lawrence E. Oyler said that a small crew will be on duty at the Gettysburg post office, however, to handle mails. The lobby at the post office will be open from 9 a.m. to 5 p.m., but there will be no window service. The final collection of mail from letter boxes will be made at 2 o'clock Friday afternoon and the last mail will be dispatched from the local post office at 6 o'clock.

All banks, the court house, state and federal offices, most industries and most business offices will be closed for the holiday. Following a custom of many years standing, The Gettysburg Times will not publish Friday.

While many were planning to cease business for the day, some local establishments were expecting their biggest rush of the season. Tourists who visit the town by the hundreds of thousands during the summer are expected to be at a peak of their visitation over the Fourth because of the long holiday weekend.

JAILED BY POLICE

State police of the Gettysburg substation arrested Henry Russell, McKeesport, Tuesday night on a disorderly conduct charge. He will have a hearing Thursday before Justice of the Peace Robert P. Snyder. He was committed to jail following his arrest.

SPECIAL MARKET

The local Farmers Market will be open Thursday morning in a special session held because of the Fourth of July holiday.

News Briefs From Festival

The Gettysburg Fire Department's annual festival got underway Tuesday night at the Recreation Park with no more than the usual and expected "hitches" which were not noticeable to the large crowd which attended opening night, and ran smoothly to its opening night conclusion.

The "corn" game was ready to start when the firemen in charge of this feature of entertainment discovered that the "cards" had been left at the fire engine house.

A quick trip downtown and back remedied the situation, and the large tent was filled throughout the entire evening.

Numerous officials from other county fire companies were present for the dedication of the Mack truck and the opening of the festival, among them Charles Bretzman, Bendersville, president of the Adams County Volunteer Firemen's Association; John Murren, county fire marshal; Roger Myers, Fairfield fire chief and assistant county director of Civil Defense; Glenn Ohler, chief, and Monroe Morelock, assistant chief, of the Alpha Fire Co. of Littlestown, and others.

PHONE BOOKS DISTRIBUTED

New telephone directories, approximately 5,200 of them, arrived in the homes, offices and plants in this section of the county today as the United Telephone Company issued the 1952 edition of the "phone book."

Manager John E. Caldwell said the number was about 400 higher than the number issued last year for the Gettysburg area, with approximately that many new phones having been installed during the year.

The books went to 4,986 United subscribers, as well as to about 300 members of the various local rural telephone companies in the area.

Smith Still Lead

There are 3,437 phones out of the Gettysburg exchange covering Gettysburg and much of Gettysburg R. D. but not including members of the various rural companies such as the Barlow and Liberty Telephone companies. There are 1,068 subscribers of United out of the Biglerville exchange, 276 out of Fairfield, and 205 out of York Springs exchange.

All of the books were mailed directly to the subscribers from the printing office, Caldwell said. Shipments began Saturday. All of the telephone users should have their new directories by today, the United Telephone manager said.

The directory shows the Smiths to be the most flourishing "clan" in the borough, with 42 numbers listed under the name. Closely following with 40 listings are the Millers. There are 20 Planks, 18 Reddings, 18 Wolfs, under various spellings, 17 Oylers, 16 Weikerts, 16 Scots, 14 Sanders and 14 Williams. There are also 13 Johnsons and 13 Littles.

Gettysburg College has the greatest number of telephones of any one organization with 29 listings.

Girl, 14, Involved In Chicken Stealing

Cecil Carbaugh, 23, of Iron Springs, one of two men arrested June 24 on chicken-stealing charges, had another charge filed against him Tuesday, that of contributing to the delinquency of a minor. The charge was filed by state police of the Gettysburg substation, who said that a 14-year-old girl had admitted being with the men during the chicken theft.

Carbaugh signed a plea of guilty late Tuesday before Justice of the Peace Robert P. Snyder, and was re-committed to the Adams County Jail in default of \$1,000 bail on the delinquency charge. Arrested with him on the larceny count was Donald Paul Carbaugh, 35, also of Iron Springs.

YOUTH RALLY SPEAKER

The Rev. Earl Redding, pastor of the Third EUB Church, York, will be the speaker for the Adams County Youth for Christ Rally Saturday evening at 8 o'clock in the Memorial EUB Church. Miss Catherine Redding will furnish special music.

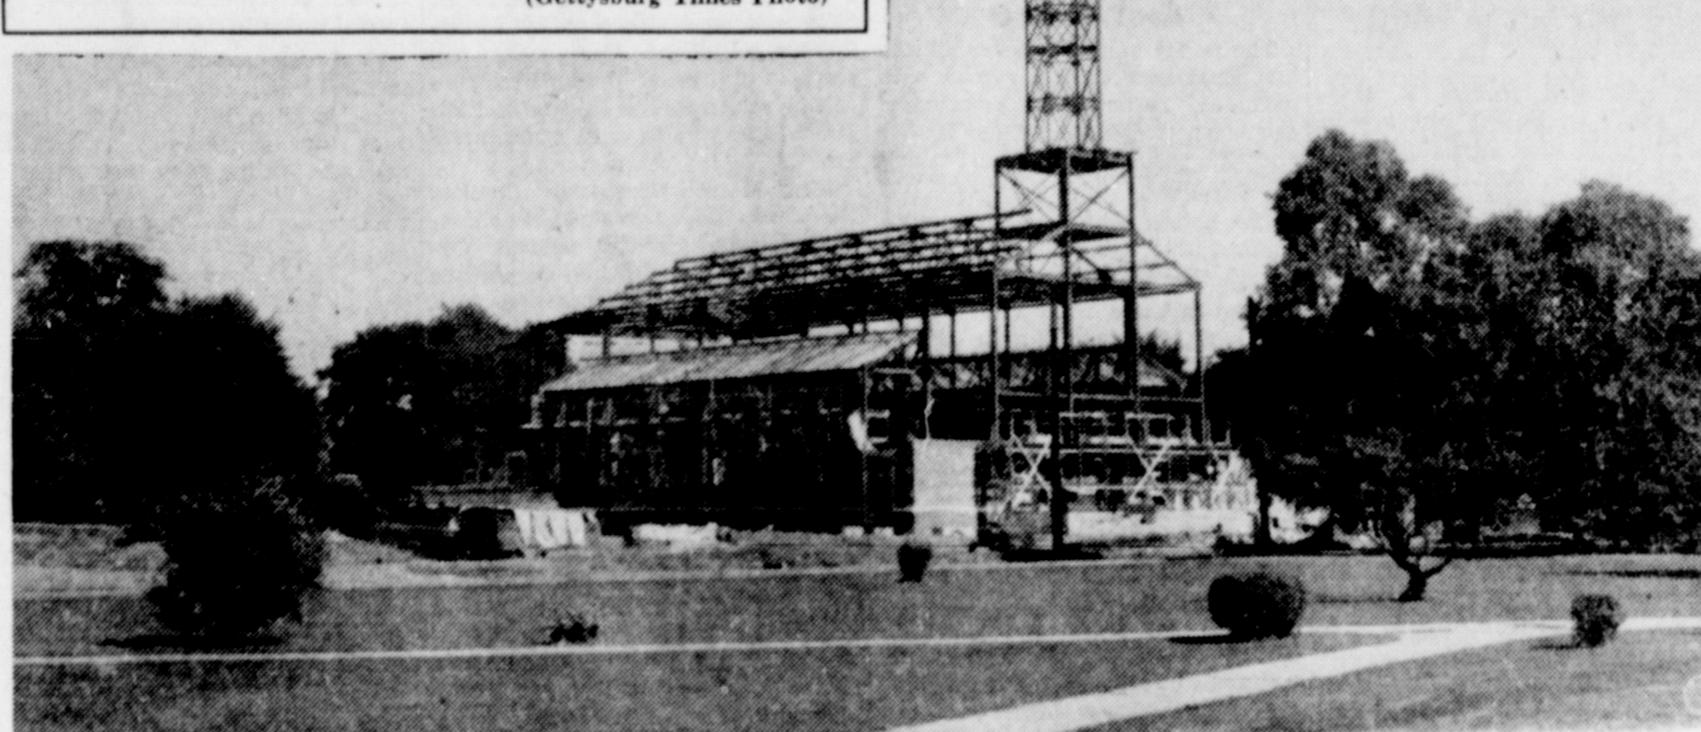

LICENSED TO WED

Robert B. Rosenwald, Emmitsburg, and Regina E. Kane, Fairhaven, have secured a marriage license in Frederick.

Shape Of Things To Come

Steel work for the new chapel at Gettysburg College is nearly completed and the brick work is well underway. The 132-foot tower has an American Flag flying from its tip until later this fall when a 17-foot metal cross will be installed there. Workmen expect to complete the chapel by next spring or summer. The 32-foot top section of the spire was lifted by crane and put in place as a unit after the first 100 feet of the tower had been constructed.

C. C. CULP HEADS CHILD WELFARE; SEEKING VISITOR

Here And There News Collected At Random

Holiday traffic accidents in the last six years have killed half as many Americans as the Korean war, the National Safety Council said today.

The five holidays of Memorial Day, Fourth of July, Labor Day, Christmas and New Year's have claimed 8,936 lives since 1946, while the Korean war death toll currently is in excess of 17,000.

The Council also pointed out that the H-Day (for holiday) traffic toll in the same period was three times that of the Pearl Harbor death toll.

"War is a much nastier business than driving a car," of course," said Ned H. Dearborn, Council president, "and we compare the two only to make the average driver realize that we need an armistice on killing at home, too."

Details about the position may be secured from the Child Welfare Office on Baltimore St. Applicants must pass a state civil service examination to be given July 26. July 11 is the deadline for filing applications. One requirement for the position is a college diploma.

Other Officers

In addition to Mr. Culp these officers were chosen for the year: Vice chairman, the Rev. A. W. Geigley; secretary, Mrs. Charles Yost, and treasurer, Mrs. D. Edwin Benner.

Candlelight Program

Following a box lunch at noon, the group assembled to outline the parts to be played by the groups in the evening program.

The Council estimated that 40,000 passenger vehicles will be on the move during the three-day Fourth of July holiday and that they will roll up mileage in the neighborhood of 5,000,000,000 miles.

"Memorial Day this year set a new record for that holiday, when 360 persons were killed," Mr. Dearborn said. "That sounds bad for the Fourth. I'd like to see the Fourth set a record of another kind — a new low in deaths. But it can't be done unless every driver uses extra caution to make up for the extra hazard, which a survey has shown to be about 30 per cent greater than on an average week end."

"Excessive speed is the principal cause of all fatal traffic accidents."

"On the Fourth, take your time and you'll have plenty of it to enjoy the holiday."

GIRL SCOUTS TO MARCH

Members of Girl Scout Troop No. 4 of Gettysburg are asked to report for Friday's parade here.

They will assemble at 2:30 o'clock on West High St. The troop leader is Mrs. Albert Shulley.

Coroner's Inquest Being Held Today

Harry Arnold Naugle this afternoon faced the first of a series of legal steps in connection with the murder charge brought against him as a result of the shotgun slaying of his sister-in-law, Mrs. Lillian Reed Naugle, in Hamilton Twp.

This afternoon coroner's jury was sitting in Waynesboro, where Mrs. Naugle died in the hospital after having been brought there by ambulance after the shooting.

Thursday morning at 10 o'clock the 15-year-old Naugle youth is scheduled to appear before Justice of the Peace John H. Basehor here for a hearing on the murder charge.

Services Friday For Mrs. Samuel C. Lott

Funeral services for Mrs. Lillian K. Lott, 85, widow of Samuel C. Lott, who died of infirmities Tuesday morning at 10:15 o'clock at the Wolford Convalescent Home, York Springs, will be held Friday morning at 10 o'clock from the Bender Funeral Home with the Rev. Harry S. Ecker officiating. Interment will be in Evergreen Cemetery. Friends may call at the funeral home Thursday evening after 7 o'clock.

A daughter of the late Mr. and Mrs. Adam Reiling, she was a native of York County, but resided most of her life in Highland Twp., Adams County, and Gettysburg.

She was a member of the Lower Marsh Creek Presbyterian Church. Her husband, the late Samuel Lott, died March 23.

Surviving are a sister, Mrs. John Snyder, Cape Vincent, N. Y., and the following nephews and nieces:

Miss Ruth Snyder, New York City; Earl Snyder, Ohio; Mrs. Clarence Schroll, Cape Vincent, N. Y.; Lott Walker, Carlisle, and Mrs. Mary Walker, Chambersburg.

Two Adams Countians are among the 97 students in the School of Engineering at Pennsylvania State College who have been named to the dean's list in recognition of outstanding work during the spring semester. Those on the dean's list are those who have completed the semester with an average of 2.50 or better. An average of 3.00 is perfect.

The countians are Charles L. Hall,

90 N. Queen St., Littlestown, a senior in architectural engineering, and

Thomas E. O'Brien, 112 S. Peters St., New Oxford, a junior in electrical engineering.

Plan Bathing Beauty Contest; Pet Show

Plans for a pet show and bathing beauty contest for girls under 10 were announced today by the Gettysburg Recreation Association.

The program will be held at Recreation Park Thursday afternoon at 1 o'clock. Because of the program at the park, the High Street Playground will be closed Thursday afternoon to permit the youngsters who usually play there to go to the pet show.

Prizes will be awarded for the largest pet, the smallest pet, the fattest pet, the most unusual, the oldest, the youngest, the prettiest, the pet with the largest ears, the most unusual and the best dressed pets.

In addition to the pet show prizes will be awarded in the bathing beauty contest to a number of the under ten years of age contestants.

JUDGE SHEELY WILL DEDICATE ATHLETIC FIELD

The Brushtown Athletic Association Sunday afternoon will dedicate its playing field as a memorial to Pfc. Edward P. Neiderer who was killed in action in the Pacific with the 167th Infantry Regiment of the 31st Division in World War II.

Judge W. C. Sheely will deliver the dedicatory address at the service scheduled to begin at 1 o'clock, preceding the regularly scheduled South Penn baseball game between Brushtown and the Hanover Legion.

Pfc. Neiderer's father, Milton P. Neiderer, Hanover R. 4, is scheduled to raise the flag over the field during the ceremony. Six brothers of Pfc. Neiderer, all of whom served in the armed forces during World War II, will be present for the service. They include Clifford, Nestor, Fred, Ray, Richard and Clair Neiderer.

ASSOCIATION FORMED IN 1949
Chuck Zink, Hanover radio announcer, will be master of ceremonies for the program. Brief talks will be given by the Rt. Rev. Msgr. (Continued on Page 5)

REAVER IS LOW FOR COUNTY JOB

BACK FROM TRIP TO WEST COAST

Mr. and Mrs. Wilbur L. Plank, 123 Springs Ave., returned Saturday evening from a business trip which started June 2. Business calls were made at the following places: Beaver Falls, Pa., St. Louis, Missouri, Tulsa, Oklahoma, Phoenix, Arizona, Los Angeles, California, Minneapolis, Minnesota, Chicago, Illinois, and Goshen, Indiana.

The first week end away was spent at the Wester Ranch, Sitting Bull Falls, Carlsbad, New Mexico. The next visit was with Gilbert Cady, controller of Arizona State College, Tempe, Arizona. Both Mr. Wester and Mr. Cady served in the Army in Persia with Mr. Plank.

In Van Nuys, Calif., they visited Mrs. Plank's cousin and family. George H. Duttera, the cousin, was raised at Gulden Station and has been in California since he was separated from the Army. In Riron, Calif., they visited Mrs. Plank's uncle and aunt, Mr. and Mrs. Charles B. Tawney who took them to San Francisco and Yosemite National Park.

Visit Relations

In Minneapolis they visited Mr. Plank's half-brother, J. Elmer Spanaler, and family as well as Mr. Plank's nephew and wife, Mr. and Mrs. Theron E. Koons. Both Mr. Spanaler and Mr. Koons were raised in Adams County, Park Ridge, Ill., found them as overnight guests of another half-brother, Dr. Walter D. Spanaler, and his wife. There they attended the party that the choir of St. Luke's Lutheran Church gave in honor of the Spanglers who on July 10 will fly to Europe to attend the sessions of the Lutheran World Federation to be held in Hannover, Germany, the last week in July. Dr. Spanaler is pastor of St. Luke's Church.

They visited with Mrs. Howard Amos and daughter, Ruth Esther, in Indianapolis, Indiana. Mrs. Amos is a granddaughter of John Miller, an Adams Countian who was a pioneer settler in Indiana. The Amos family has visited here on several occasions.

In Tiffin, Ohio, they were overnight guests of Dr. and Mrs. N. E. Willard. The Willards have been here several times. During the second week of June they had their young sons with them to tour the battlefield. They stayed at the Plank Home. Dr. Willard was the surgeon who accompanied the heavy maintenance battalion to (Persia) Iran in 1943 of which Mr. Plank was the commanding officer.

Mr. Plank spent two days in the factory of the Minneapolis-Honeywell Company in Minneapolis.

Irving Graduates To Hold Reunion

Plans have been completed for the annual reunion of graduates and former students of Irving College to be held at noon Saturday, August 16, at Allentown, near Boiling Springs. The program will open with a luncheon at which Mrs. Murray L. Dick, Mechanicsburg, will present the invocation. Miss Helen Mowery, Harrisburg, will give dramatic readings and Mrs. Bertha Yost Rhodes, Philadelphia, formerly of Middle-town, will play several piano compositions. Mrs. Horace E. Rogers, Carlisle, will be the piano accompanist for the group singing.

During the business session at which Mrs. Robert H. Millar, Shiremanstown, president, will preside, officers will be elected for two-year terms. Mrs. S. Harper Myers, Mechanicsburg, is chairman of the nominating committee.

Mrs. Frank D. Armstrong, Paxton, is chairman of the decoration committee and Miss Lillian Weber, Mechanicsburg, will receive reservations for the luncheon until August 9. Mrs. Henry M. Scharf, Gettysburg, is vice president of the alumnae group and Miss M. Pauline Sheeder, Carlisle, is secretary.

Hold Restaurant Man For Murder

UNIONTOWN, Pa. — Carmen Puzio, 54, Connellsville restaurant operator, is being held on a murder charge in the fatal shooting of Wallace Stuck, 18, also of Connellsville.

The charge was filed by Dist. At. Fred L. Brothers after a coroner's jury recommended yesterday that Puzio be held. His case will come before the September grand jury.

Brothers said Puzio admitted shooting Stuck June 16 when they argued about Stuck keeping company with Amanda Peck, a 15-year-old girl. Puzio planned to adopt Stuck died five days later.

**Continue Digging
For Lost Miner**

LYKENS, Pa. — A rescue squad continued digging early today in what it believed was a vain hope of finding alive a trapped miner in an independent coal mine near here.

Hope was abandoned late last night although the volunteer workers figured they were within six feet of the place where Allen Sedesse, 28, was trapped under a coal slide.

A co-worker, Ellis Kocher, 31, was found crushed to death yesterday about 40 feet from the surface.

Sedesse, the father of four children, was believed to have been near the end of the 70 to 80-foot shaft when the slide occurred on Monday.

4 AMERICANS CAPTURED BY BERLIN POLICE

KITCHENETTES FESTIVAL LISTED FOR AUGUST 9

BERLIN (P) — Gun-brandishing Communist "people's police" arrested four sightseeing Americans, including a chaplain and a woman, today and whisked them into the Soviet-occupied East zone of Berlin. West German police reported that the incident occurred at Duperl, where the American zone residential suburb of Zehlendorf borders the Russian zone.

Had U. S. Plates

The police said a Russian officer and East zone police, armed with carbines, rushed the Americans' car when it stopped at the border and the occupants began taking photographs.

The police said the Communists entered the American car and forced it across the border.

Eye-witnesses reported that the car had American license plates, showing that it was registered in West Germany, not in Berlin. This indicated that the abducted Americans were visitors to the city and possibly not familiar with the ticklish border question.

Names Not Given

The West police said that at the spot where the incident occurred the boundary between the American sector and the surrounding Soviet zone is marked by iron spikes in the road. They said the Americans drove past these right up to the red and white barrier pole across the road at the Russian check point.

The Americans were held about 20 minutes at the check point and then taken off to the Soviet military post at nearby Machnow.

American military authorities contacted the Russians and asked the return of the four persons. Their names were not immediately learned.

TAFT FORCES WIN GEORGIA

CHICAGO (P) — Taft forces succeeded today in getting Georgia's whole bloc of 17 Republican National Convention votes in contest, with a strong possibility Sen. Robert A. Taft might get them all.

This would be a severe blow both in actual delegates and in psychological effect to the supporters of Gen. Dwight D. Eisenhower.

The Taft action—a solid 17 for the Ohio senator in the GOP presidential nomination fight—persuaded the Republican National Committee to consider its challenge of the entire delegation sent here by the self-described "regular" Georgia organization.

Candidates for democratic nomination as president were relatively quiet. Sen. Estes Kefauver of Tennessee was meeting delegates at Topeka and Wichita in Kansas. Sen. Richard Russell of Georgia, and Mutual Security Administrator Averell Harriman were in Washington, D. C.

At the annual Governors Conference in Houston, Southern governors looked cautiously on talk of a possible party walkout against a Democratic nominee pledged to compulsory civil rights laws.

Gov. James F. Byrnes of South Carolina said his state's eight electoral votes might go Republican or third party in November. It depended, he said, on who becomes the democratic candidate. A general silence greeted Byrnes' assertion.

Among Republican governors, Charles Russell of Nevada said he is no longer uncommitted in the GOP presidential race. He came out in support of Eisenhower.

36th Wedding Day

Eisenhower took the day off from politics. He and his wife celebrated their 36th wedding anniversary in Denver. The retired general leaves tomorrow for the Chicago convention, delaying his arrival until Saturday with a barnstorming tour en route.

Taft, already in Chicago, had another date today with Gov. John Fine, most influential member of Pennsylvania's 70-vote GOP delegation. Fine says he has not made up his mind between Taft and Eisenhower.

The next meeting of the organization will be held in the form of a corn bake at Marsh Heights for members, their families and friends. The date will be announced later.

Mrs. M. A. Shue and daughter, Miss Marvel Shue, York, visited Sunday with Mrs. Shue's son-in-law and daughter, Mr. and Mrs. Fred Arnold, and family, Biglerville.

Mrs. Charles Goldstrohm, Chambersburg, is visiting Mrs. Ralph Eckenerode, Biglerville.

Mr. and Mrs. Nevin Roth, Palmyra, visited Sunday with Mr. and Mrs. William Shreve, Rufus Roth and Mr. and Mrs. Clarence Roth, Biglerville.

Mr. and Mrs. Hobart Heller had with them over the week end at their home in Biglerville their daughters, Miss Fern Heller, Harrisburg; Miss Audrey Heller, Philadelphia, and Miss June Heller, Baltimore. Miss June Heller was accompanied to Baltimore by Joseph Cobatz, also of Baltimore.

The Army's September call is about the same as it was for the preceding two months.

It called for 29,000 men in August and 31,000 in July.

The projected draft of 54,000 in October, November and December would be higher than any since March, 1951.

In that month—nearly a year and a half ago—80,000 men were drafted, all for the Army.

The announced quota for September brings to 1,013,430 the total number of men drafted since Selective Service resumed operation in September of 1950.

Of this total the Army has drafted or called for 932,000. The Marine Corps received 81,430 draftees during the 10 months ending last May in which it supplemented volunteer enlistments with Selective Service inductions.

ARMY BOOSTS DRAFT DEMAND

WASHINGTON (P) — The Army today called for 30,000 draftees in September. It said it would need 54,000 more men a month for the final three months of the year.

PROBLEM FOR FRANCE

MUNCY, Pa. (P) — France's Cabinet today studies its next move in the case of Communist leader Jacques Duclos, released from jail by a grand jury. A spokesman said the "last word" was still to come.

Duclos, acting general secretary of the French Communist Party, walked out of Santo Prison last night after the five-man jury ruled the government had not proved he was caught in the act of plotting against the state.

RAILROADER KILLED

MUNCY, Pa. (P) — James C. McWilliams, 32, of Moorsburg, a Reading Company signalman, died of severe electric shock in Muncy Valley Hospital yesterday after a metallic measuring tape he was using came in contact with high tension lines.

McWilliams was at work on the railroad right of way when the accident happened. He leaves a wife, Thelma, and a son, John C. McWilliams.

RELIEF HURLERS DO BRILLIANT JOBS TUESDAY

By JOE REICHLER
AP Sports Writer

Baseball's unsung minute men—the relief pitchers—should feel mighty proud of themselves today.

Rarely, if ever, have the hurry-up hurlers performed as brilliantly as they did yesterday throughout the major leagues.

Ranging from the superlative 11 and 10-inning chores of Satchel Paige and Lou Brissie to the two-inning tenure of Ted Wilks, the performances of the rescue workers were magnificent.

19-Inning Hit

Only two of the 16 starters went the distance.

Brissie and Paige hooked up in a spectacular pitching duel from the 10th inning on with Brissie and Cleveland finally defeating the St. Louis Browns in a record-breaking 19-inning night game, 4-3.

Brissie relieved Bob Feller in the 10th and hurled nine scoreless innings before yielding a tall to the top of the 19th. Paige pitched 10 runless frames after replacing Ned Garver in the ninth but weakened in the 19th as the Indians scored twice.

A's Lose To Senators

Clem Labine worked four scoreless innings for Brooklyn after relieving Ralph Branca and was credited with the victory when the Dodgers came from behind to nip the Philadelphia Phillies, 4-3.

Hoyt Wilhelm stopped a Boston threat in the fifth and went on to yield two runs in the next four innings as the Giants handed the Braves their sixth straight loss, 6-3, to remain on the heels of the league-leading Dodgers.

Don Johnson handcuffed the Philadelphia Athletics with two hits and no runs in four innings after Washington had tallied four times in the sixth to preserve the Senators' 6-5 victory.

Yanks Top Red Sox

Ted Wilks relieved Forrest Main with the bases loaded and none out in the eighth and stopped the Chicago Cubs cold for two innings as Pittsburgh emerged with a 3-2 victory.

In the two games where the starter went the route, Vic Raschi pitched the Yankees to a 3-2 triumph over the Boston Red Sox and Wilmer (Vinegar Bend) Mizell hurled the St. Louis Cardinals to an 8-3 decision over the Cincinnati Reds.

Bobby Avila opened the last half of the 19th for Cleveland with a single and scored the tying run on Al Rosen's one-out double. After Larry Doby made the second out, pinch hitter Hank Majeski singled to score Rosen with the payoff run.

Mathias Sets Pace In Decathlon Event

TULARE, Calif. (AP)—Decathlon king Bob Mathias leads the way into the final five events of the 1952 decathlon tonight, already far ahead of his own brilliant feats in a drive toward the Olympic Games and his second straight triumph in this international battle.

Tonight the handsome, 6-foot-2, 200-pound pride of Tulare and Stanford University bids fair to outshine even his marks last night, when he surpassed everything he had ever done before in the grueling decathlon competition.

Mathias racked up 4,394 points last night, 160 points more than he scored in his record-breaking performance in 1950 at the halfway mark. And since 1950, the scoring system has been revised, generally downward. His 1948 Olympic halfway mark was only 3,848 points.

Mathias' closest rival is Milton Campbell, a high school sensation in the East, from Plainfield, N. J., who scored 4,192 points, 222 points behind the champion.

Eastern League

By The Associated Press
The second - division clubs are kicking up a rumpus in the Eastern Baseball League these days. With fellows like Lee Griffith and Walt Jasinski around, there are no pat-sies among the tallent field.

Griffith and Jasinski pitched the Elmira Pioneers to within a half game of fifth-place Scranton last night by whipping the skidding Miners, 11-0 and 6-2. Last - place Williamsport jolted third - place Reading twice, 5-3 and 5-2, and seventh - place Hartford swept a pair from second-place Schenectady, 4-2 and 5-3.

Meanwhile, the league's two hottest clubs—Albany and Binghamton—divided a double bill at Albany. The Triplets got two - hit pitching from Ed Grenkoski to win the opener, 4-0, before the Senators' George Uhaze posted his 12th victory, 7-3, on a five-hitter in the second game.

Walcott Ups Suit To Two Million

CAMDEN, N. J. (AP)—Jersey Joe Walcott has upped to two million dollars the amount of damages he seeks from the Calvert Distilling Co. on the strength of his successful world heavyweight title defense against former champion Ezzard Charles last month.

A suit filed in Federal District Court, originally asking half that amount in damages, claimed the champion's picture was used without permission in a whisky advertisement. Walcott and his manager, Felix Bocchicchio, charged use of the picture was unauthorized and impaired Jersey Joe's value as a youth leader.

Now that the champion has successfully defended his title, an adversary petition filed yesterday states Walcott's value as a youth leader has been further enhanced.

A four-hit pitching performance by Seifert gave Fairfield a 4-0 victory over Gettysburg in a Twilight Baseball League game at Fairfield Tuesday evening.

Fairfield scored twice in the first frame, both runs coming via steals of home. Thomas, who hurried until the fourth when he was relieved by Baltzley, rapped a single and double for the local team.

Orrtanna poled 11 hits while Arendtsville secured only four but Arendtsville continued to make a romp in the race by winning 7-4 at Orrtanna.

In the second inning Orrtanna secured three runs on three hits, a fielder's choice and an error. Arendtsville tallied six runs in the fourth on three hits and three muscles. A double and single produced Orrtanna's first run in the fourth while Arendtsville's last run in the sixth was the result of an error, fielder's choice and single.

G. Herring smashed a double and two singles and Rebert three singles for Orrtanna while J. Bucher rapped a double and single for Arendtsville.

Third baseman Forbes thumped his fifth homer of the campaign and his 13th double and scored all of his teams runs as the Cards downed Lancaster, 3-0, last night at Allentown. The win enabled Allentown to climb back into a third-place tie with the Red Roses of Lancaster, 4½ games behind the leading Hagerstown Braves.

The Braves, meanwhile, held their 3½ game margin over Wilmington by beating York, 7-5, with four unearned runs in the ninth inning. Wilmington kept pace with the leaders by licking the

Today's Talk

By GEORGE MATTHEW ADAMS

THE PASSING OF A PHILOSOPHER

One of the most noted of American teachers and philosophers, John Dewey, recently died at the age of ninety-two. As a professor at Columbia University, he influenced thousands of students. One day, it is said, that a student asked Dewey: "What is the purpose of life?" The answer given was: "To climb mountains." When someone then asked: "Why climb mountains?" the learned teacher answered: "To find more mountains to climb."

It is a humble opinion of this writer that the source of much of the trouble in this world has come about by climbing too many mountains. We sacrifice efficiency for speed. We want bigger things all the time. Hardly do we improve one thing than we discard it and try something else. The appraise-ment of character value is too much ignored.

It is all very well to climb mountains, but why keep on climbing mountains that don't get you anywhere? Perhaps it was the idea of this philosopher that if we concentrate for a time on climbing mountains, we would discover its futility and "get down to earth" and work happily at the ordinary business of life, not attempting merely to beat some one else.

Climbing too many mountains, also, is apt to make us cozy of mind, and cause us to lose our foot-holds, dashing us into failure, as has so often happened when attempts are made to conquer without equipment. Trying to find "more mountains to climb" is what is furnishing new encouragement for inflation.

There are those who laugh at rules and law. Yet they are what give to us integrity, a consideration for the rights of others, and self-protection and preservation as well. We cannot afford to ignore our obligation to others. We need the moral and spiritual aid of some one else. We need it in the valley, among the hills, and even upon the mountain, if it is there that we decide to climb!

Tomorrow Mr. Adams will talk on the subject: "Happy People." Protected, 1952, by The George Matthew Adams Service

Just Folks**DANDELIONS**

Were dandelions hard to grow,
In early spring their seed we'd
sow;
Give tender care to most of them
And when they bloomed we'd
boast of them.

Were dandelion blossoms rare,
We'd find some sheltered corner
where
We'd strive to keep the frost
from them
And sigh if one were lost from
them.

If they were fragile, we'd behold
With pride and joy their petals
gold,
But since they freely grow for us
We scorn the love they show for
us.

Democrats Nominate Roosevelt: Chicago Stadium, July 2 (P)—Franklin D. Roosevelt, governor of New York, was chosen overwhelmingly as the democratic nominee for the presidency.

With the force of a real stampede, he swept through the convention as the favorite son announced one after another their withdrawal from the race, and turned their votes into the swelling Roosevelt column. He was declared the nominee on the fourth ballot, the first taken Friday night.

Roosevelt started working toward his latest honor more than a year ago, gradually perfecting an organization in all sections of the country that won for him the commanding lead in delegate strength that he had when the convention opened.

Today the convention will meet to nominate Speaker John N. Garner, of Texas, vice president.

Associates of Alfred E. Smith said Friday night they did not believe he would support the Democratic ticket in November.

Governor Roosevelt sent a message to the convention announcing his plans to fly here and appear before the delegates Saturday.

Mrs. Biesecker will continue in the position of office secretary at the Lutheran theological seminary, which position she has held since coming from her home in Harrisburg in October, 1927.

Mr. Biesecker is engaged in the business of carpentry, painting and general construction work.

Mr. and Mrs. Biesecker will reside in Cashtown.

US Aid To Turkey Said Unnecessary

KONYA, Turkey (P)—Turkish Prime Minister Adnan Menderes told a rally of his Democratic party here recently that there would be no dire consequences if American aid were withdrawn from Turkey.

"This state has not been founded on the Marshall plan or upon assistance to be procured from this or that country," he declared. "With her own resources and possibilities, Turkey is quite self-sufficient. There are many countries in the world today which may find themselves in dire circumstances were American aid to be stopped. Turkey, however, does not happen to be one of those."

So far, Turkey has received about \$351,000,000 in economic assistance and approximately \$37,000,000 in military aid from the United States.

UNITED NATIONS, N. Y. (P)—Russia's Jacob A. Malik began a sitdown strike today against debate on U. S. demands for an impartial inquiry into Communists charges of germ warfare in Korea.

But the Soviet delegate to the Security Council promised he would veto the American proposal when it comes to a council vote.

Calling his new tactic non-participation, Malik told the council

it was determined to expose what he called the Soviet campaign of lies and to press for a vote on the inquiry proposal.

Charge Russia With Killing 15,000 Polish Officers In '40

WASHINGTON (AP)—A congressional report today officially charges Russia with killing 15,000 Polish officers 12 years ago on a pattern duplicated by the Reds in Korea.

This, said Rep. O'Konski (R-Wis.) was the unanimous verdict of a special House committee which heard 150 witnesses in this country and Europe while probing the 1940 Polish massacre in Katyn Forest, near Smolensk, Russia.

The report was prepared for presentation to the House today or tomorrow. It may include specific recommendations considered by the committee for "appropriate action" against the Russians by the United Nations Assembly and

the World Court and for international investigation of any other Soviet atrocities.

Korean Comparison

O'Konski, a committee member, told a newsmen the report says that, in at least two respects, Communist methods in Korea are an exact duplicate of practices uncovered in the Katyn massacre.

He said one was the method of killing the victims. The second, he said, was the "run-around" at the Panmunjom truce negotiations over the whereabouts of missing U. N. troops.

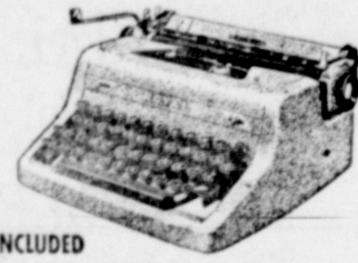

The Polish officers disappeared in 1940 from Russian prison camps. Three years later German authorities discovered crude graves at

Program Of Genocide

The Nazis immediately claimed the Russians were responsible. Moscow replied that the Germans had killed the Poles after capturing the Smolensk area.

O'Konski said all the committee's evidence confirmed Russian guilt.

The Polish officers had their hands tied in a distinctive manner behind their backs and most of them were shot in the head. O'Konski said this technique has been used against Americans in Korea.

O'Konski said the committee's evidence shows the Katyn incident was part of a definite program of genocide — mass extermination of races.

Fairfield Firemen's Annual Carnival Opens Thursday At Community Building

Gala Program Of Events Is Planned For Community By Committee Headed By Sites

In a last minute rush of preparation, the members of the Fairfield Fire Co. today were completing plans and arrangements for their 27th annual carnival, which opens Thursday at the community building and on the grounds surrounding it. It will be held Thursday, Friday and Saturday.

"With a full appreciation of the fine patronage given us by thousands of residents of Adams and neighboring counties and others from Maryland in the past, we have planned a gala program of entertainment and fun for our 1952 carnival," J. Sherman Sites, general chairman of the committee in charge, said.

"Better Than Ever"

"It is our desire to make this the equal or better than the carnivals we have held in the past, which have pleased so many people," Mr. Sites added. "The same courtesy and spirit of friendliness will again be in evidence. We want everyone to have a good

Ample parking space will be provided, with members of the fire company in charge of this detail.

Lighting Chairman Serves For 27th Year

Fifteen committees, busy for the past several days, will witness the culmination of their efforts Thursday evening when the 27th annual carnival of the Fairfield Fire Company opens for three nights on the field adjoining the Fairfield Community Center.

Russell M. Summers has the distinction of serving as chairman of the lighting committee for his 27th year. He has headed this committee since the first carnival was held in 1926.

J. Sherman Sites is chairman of the general committee, with Paul Myers as co-chairman.

The Ladies' Auxiliary of the Fairfield Fire Company was organized about ten years ago, and in these ten years has proved an invaluable aid to the firemen, not only in their assistance they give before and during the annual carnival, but in their financial assistance at other times throughout the year.

The latest contribution of the auxiliary was the application of a fresh coat of paint to the kitchen and dining room in the community building. It will present a "spit and span" appearance for the annual carnival opening Thursday evening.

Auto Daredevils At Williams Grove

WILLIAMS GROVE, Pa. — "All new in '52" is the slogan for the 1952 edition of Joe Chitwood's original World's Champion auto daredevil stunt cavalcade which will give two thrilling and sensational performances, one in the afternoon and another in the evening, on Roy Richwine's Williams Grove Speedway on the Fourth of July holiday.

Replete with many new motorized thrillers and produced by the famous Cherokee Indian himself, the new Chitwood auto thrill show boasts a complete supply of new 1952 Ford stock sedans for use in the daring, hazardous stunts, and the largest cast of daredevils ever assembled to perform in a performance of this type.

Asbestos was first used in automobile brake linings in 1906.

LAG IN FOREIGN AID HELPS HOLD DEFICIT DOWN

WASHINGTON (AP)—A \$2,400,000 lag in foreign aid outlays helped hold the U. S. budget deficit for fiscal 1952 to \$4,016,640,378.10—less than half of President Truman's January forecast.

Analysis of year-end figures announced by the Treasury late yesterday showed spending on military and economic aid for other countries in the Mutual Security Program came to only \$4.2 billion of a budgeted \$6,900,000,000.

Outlays for the U. S. military services ran almost 900 million short of the budgeted \$9 billion, making the second biggest contribution toward holding total spending \$4,700,000,000 below the President's estimate of last January.

Other Factors

There were scattered other factors in the government's improved financial picture: Veteran's benefits cost \$300 million less than the budgeted \$5,200,000,000; interest payments on the federal debt ran 100 million less than the six billion budgeted.

Government costs in all came to \$66,100,000 for the 12 months ended June 30. Although federal spending did not reach the heights predicted by Truman, it jumped 50 per cent above fiscal 1951 and topped all previous years in which there was no full-scale war.

Tax receipts totaled \$62,100,000 or \$51 million short of Truman's forecast.

Three-Day Celebration To Be Highlighted By Band Concerts, Dancing, Games

Firm Has Long Record Of Progress Since Its Founding In '21; Now Worth \$50,000

The Fairfield Community Fire Company was organized in 1921. The first property owned by it was a house on Centennial St., purchased for \$800. The company equipment was housed in this building and its addition for 25 years. Ample room for fire company meetings was provided through some alterations.

In 1946 the fire company purchased from the Fairfield Civic Group the large building which had been erected a number of years previously and generally known as the Fairfield Community Hall. This building has an outside measurement of 68 by 96 feet.

A large auditorium occupies the first floor, with a seating capacity of 650 and a stage which measures 21 by 30 feet with two adjoining dressing rooms.

The basement floor has a dining room in which 300 persons may be served at one time. It has a completely equipped and modern

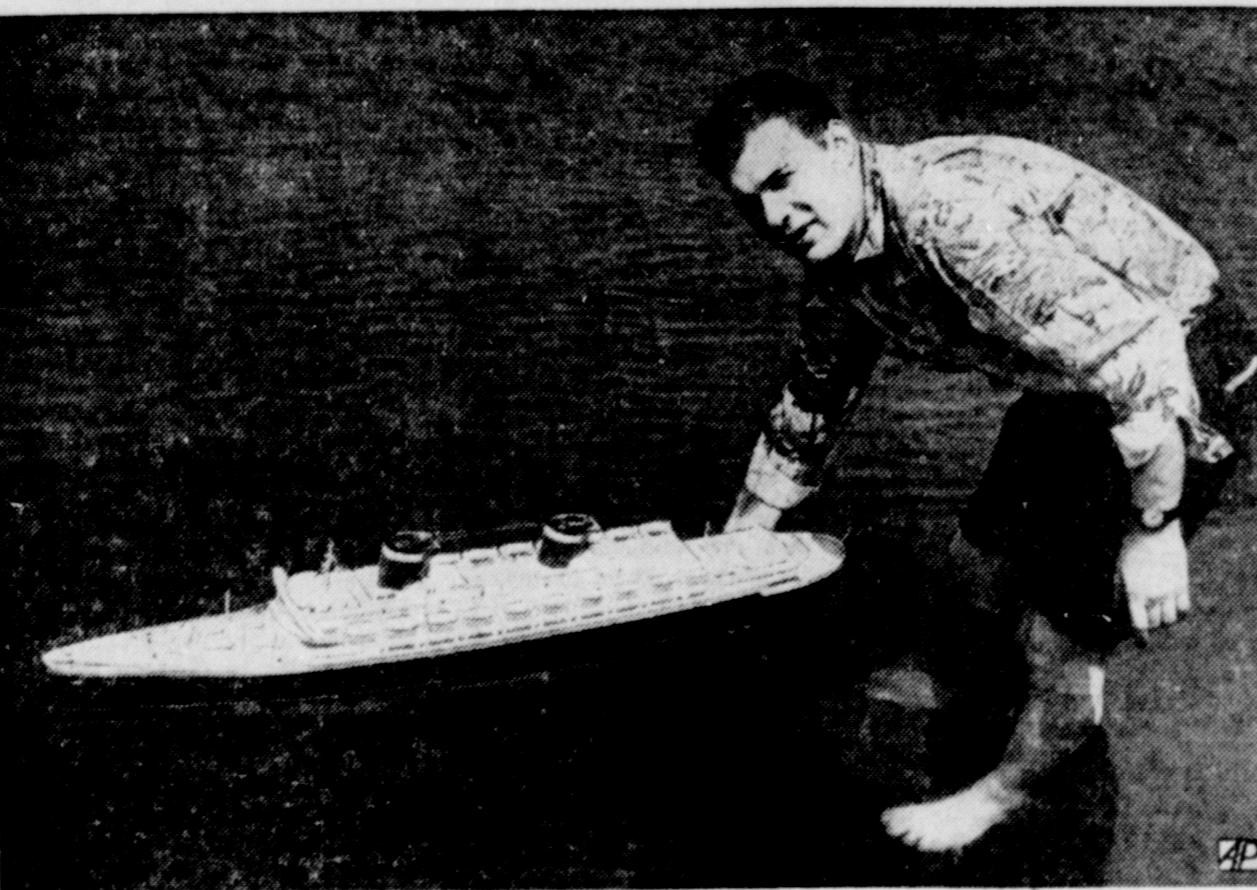

Called Firemen's Hall

The building is now known as the Firemen's Hall, and with its furnishings, equipment and numerous conveniences has been of great value to the community for a large number of social and other events.

The Fairfield Shoe Co., which has grown and developed into a large industry, was housed for a time in this building, after its organization in 1942. The hall was recently designated by Civil Defense authorities as one of a number of similar locations in various parts of the county as an emergency hospital.

It can provide sleeping quarters, bathing conveniences and dining hall, and in the event of a bombing raid could in short time be converted to these uses, and could be fully staffed in a short time.

A conservative estimate of fire

company holdings, including this building, made by Fire Chief Roger Myers, places their value at \$50,000.

Erected New Building

About four years ago, the fire company, realizing that more space was badly needed to house its fire apparatus, erected a 26 by 32-foot building adjoining the Firemen's Hall. This building provides space for the larger fire trucks and has a telephone and necessary appliances to maintain the fire trucks for instant use. The cost of the building and equipment was approximately \$3,000.

The formation and organization of the fire company was not without its problems. For several years the need for fire protection in the borough had been recognized, but sentiment was not crystallized into action until 1921. In that year a citizens volunteer fire company was organized literally "on a shoe string."

Without equipment or funds, the new company faced a tremendous task. The first purchase was an American LaFrance hand-drawn chemical truck. It was drawn by eight of the sturdier members of the company by ropes attached to the two-wheel apparatus. It is recalled that on one occasion after the tank had been filled with water from a street pump, as the tank was being drawn down street at a brisk run, one of the eight fell and narrowly escaped being run over.

Modern Equipment Now

This was fortunate as no insurance was carried at that time to cover accidents and injuries. A few years later an American LaFrance two-tank chemical truck was purchased. Realizing that chemical equipment did not afford sufficient protection, the company resolved to equip the La France truck with a pumper. One of 350 gallons capacity was installed and 1,000 feet of hose provided. Still later, a Chevrolet truck was bought and equipped with two 40-gallon chemical tanks and 350 feet of chemical hose. In 1938 a Chevrolet chassis mounted with a 350 Hale rotary pump and a 150 gallon booster tank was added which is still in serviceable condition. The most modern piece was purchased in 1950, a Dodge chassis mounted with an American-Marsh 500 GMP pump, assembled and completed by the American Fire Apparatus Company of Battle Creek, Mich.

This truck carries a booster tank with 500 gallons of water, and is equipped with Barton fog guns, which have been proven among the best in this field. With the apparatus there are about 2,000 feet of 2 1/2 inch hose and 500 feet of 1 1/2 inch hose. The company also has a portable pump which may be moved to any point wherever water is available, such as wells or streams which may not be accessible to the larger apparatus. The company is also equipped with a foam mixing gun and carries foam on the apparatus at all times to cope with gasoline, grease and oil fires.

Incorporated In 1946

In 1946 the company reorganized and was incorporated under the laws of the Commonwealth of Pennsylvania.

Insurance is carried to cover in-

opposition within the state.

At the Democratic convention in 1944 he helped start Harry Truman's vice presidential boom that carried him into the White House when President Roosevelt died.

Kerr made the race for the Senate in 1948, winning easily. Almost immediately he and President Truman tangled over Kerr's natural gas bill, designed to free independent oil companies — such as his own — from certain Federal Power Commission regulations. The bill passed Congress but was vetoed by the President.

Sided With Truman

Last year he was back on Truman's side with a strong defense of the President's removal of Gen. Douglas MacArthur from command in Korea. His speech came in a Senate debate with Sen. Robert A. Taft (R-OHio).

As a candidate, Kerr has several obstacles to overcome. His loss to Sen. Kefauver (D-Tenn) in the Nebraska primary may lead party officials to question his ability to win outside Oklahoma.

Democrats in his own state have been divided on supporting him. For instance, Sen. Mike Monroney, his colleague, urges the nomination of Rep. Sam Rayburn (D-Tex). His natural gas bill fight probably cost him support in large industrial areas.

Supports Prohibition

Another factor is his record as a prohibition supporter. Kerr is a personal dry and has been active in opposing legalized liquor for Oklahoma.

In his personal life, Kerr is married to the former Gracey Breene of Tulsa. They have three sons and one daughter. The senator is a former president of the Oklahoma Baptist General Convention.

Besides his oil business, Kerr owns a weekly newspaper at Enid, Okla., and radio stations at Tulsa, Okla., and Peoria, Ill. with him.

Elected Governor

In 1942 Kerr himself was elected governor. Two years after his election he supported Roosevelt for a fourth term against strong

juries incurred while in active service of the company, death resulting from injuries and hospitalization or physicians' charges. The original membership in the company, which was about 25, has grown to 190 members, of which 150 are beneficial.

The first president was the Rev. Ralph W. Baker with R. S. Reinhardt acting as secretary. S. L. Allison was the first chief. Officers today are: President, Paul Myers; vice president, Warren Dannels; secretary-treasurer, James J. Weikert.

Members of the board of directors, chosen geographically, are as follows: Fairfield borough 4, Hamiltonian Township 3, Liberty Township 1, and Highland Township 1. The following are the members of the present board: Paul Cluck, Joseph Lowe, Stuart Sites Jr., Raymond Myers, Ira McLaughlin, Harry Sease, Luther Kepner, Cleason Herring and Harry Kane. The constitution and present set of bylaws were adopted March 5, 1947. Roger Myers is fire chief and J. Howard Reindollar is his assistant.

Kitchen Is Well Planned

A double-action swing door connects dining room and kitchen. The latter room, 9x12.6 feet in area, is well planned with sink and working counter combined in an L-shape arrangement in one corner, gaining direct light from two windows. Range and refrigerator stand side by side along another wall.

The bathroom is small but adequate. The bedrooms, adjacent to the bath, are each 10x11 feet in floor dimensions and alike in their appointments as to closets and window openings.

PA. SENATORS VOTE TO RATIFY

WASHINGTON (AP) — Pennsylvania's two U. S. senators—Republicans James H. Duff and Edward Martin—joined 75 other Republicans and Democrats as the Senate voted to ratify the peace contract with Western Germany.

The only votes recorded against the measure yesterday were by five Republicans — Sens. Dirksen, Dworshak, Jenner, Langer and Welker.

On a companion measure, the Senate ratified 71-5, a North Atlantic Treaty revision to bring Western Germany into the free world defensive military alliance. Duff and Martin also sided with the majority.

Dirksen, Dworshak, Jenner, Langer and Welker again voted No.

The two Pennsylvania senators split as the Senate voted 51-25 against an interpretation by Sen. Hickenlooper (R-Ia.) to require congressional approval of any "military implementation" of the North Atlantic Treaty protocol on Western Germany. Martin voted for the interpretation and Duff against it.

More Mishaps In Small Industries

NEW YORK (AP) — Industrial accidents cost the nation \$2,600,000 a year and most occur in small manufacturing plants with 100 or fewer workers, reports the National Association of Mutual Casualty Companies.

It said two-thirds of the industrial accidents, which resulted in 16,000 deaths and injuries to 2,000,000 persons, occurred in the smaller plants.

may be eliminated completely. In that case, the space allotted in the floor plan to the basement stairs would be converted into a utility room to hold the heating equipment.

Obviously, the design of The Knightsbridge calls for a suburban setting. Shrubbery planted around the foundation should emphasize the general low-set appearance of the building. Wide clapboards and a shingle roof are recommended as an exterior finish in keeping with the simplicity of the house. A red-brown roof, white sidewalls and red shutters at the windows are a suggested color scheme.

Two set-backs, between the front line of the house to vestibule door, thence to main house wall, break up the front. A simple Colonial doorway with toplight and a bracket fixture at one side makes the entrance inviting.

Within the entrance vestibule which is separated from the adjoin-

ing living room by a door, there is a long coat closet.

Unbroken Wall Spaces

The living room, 12x18 feet in dimensions, has two long unbroken wall spaces to simplify furniture arrangement. Two windows in the long outside wall, small windows over built-in bookcases flanking a fireplace in one end of the room, and a French door, opening on a porch at the rear of the house, insure good lighting and cross ventilating.

Balancing the French door, directly across the room from the vestibule, a door opens on an L-shaped, small hall off which the bathroom and two bedrooms are located. There is a linen closet in this hall.

Between living and dining rooms is a deep arched opening with wall niches. The dining room is 11x13 feet in floor measurements and is flooded with light by a triple mullion window in one wall and a single window on another exposure. A built-in corner china cabinet is included in the

house.

GROWING CROPS TO CAN AND DRY

The overall food picture is not rosy for the next twelve months. As everybody knows, our potato supply is lower now than it has ever been in our long history.

Dairy supplies are at a new all-time low. It is extremely doubtful that our domestic supply of cereals—wheat, corn, barley, rye, buckwheat, oats, and rice—will be sufficient to meet reduced consumer requirements. And from these declining production totals are flowing out to the ends of the earth what may prove to be the largest commercial export total and charitable give-away ever recorded. In fewer words, Americans may peer perilously close to the bottom of the national food barrel next winter.

This is not the view of an alarmist. It is a calm appraisal of underproduction of food in a nation endangered by overurbanization and menaced by too much socialistic experimentation in centralized bungling of food production and distribution. But these opinions have no political aims. They are mentioned to stress the importance, the actual urgency, of farmers and gardeners to grow all the extra late food crops possible to store for next winter. What are some of these crops for which planting time remains?

Sweet corn should be planted at once. Corn is easy to can and may be stored at a minimum of cost by drying. Housewives who have never tried home-drying of sweet corn have an enjoyable food treat in store.

In most regions seed potatoes are no longer procurable. They have been eaten. But winter squashes make an excellent substitute, especially the baking types, such as the Acorn (Table Queen). They should be planted this week and are easy to store for all-winter consumption.

Beets, carrots, parsnips, rutabagas, and turnips may be grown for simple storage by outdoor burial.

Made by their importance in human diets, tomatoes are unexcelled for winter food. Because they are second only to citrus fruits as a source of the vital vitamin C, tomatoes should be grown to can. Well rooted plants should be set out at once. Pressure canning is not necessary for tomatoes.

As a dependable and liberal source of vegetable protein, all gardeners should grow at least a few rows of improved soybeans. Milk, flour, curd and other products may be made from the dry beans in winter. Or the beans may be baked and prepared otherwise as dry field beans are eaten. One of the garden varieties should be planted within the next two weeks.

Garden peas always fill an important place on the shelves of home-canned vegetables. The late garden should include a liberal planting.

There are several excellent varieties of late celery but the editor prefers the old reliable Giant Paschal because it is not only one of the tastiest sorts but its green, crisp stalks are richer in vitamins than the white varieties. Too, it is one of the hardest varieties to store over winter. We have kept Giant Pascal in the row until late March and found the stalks even that late at the peak of edible tenderness.

After growth gets vigorously under way the leaves should be drawn together and soil brought up around the stalks. But in all cases the grower should avoid drawing soil into the hearts of the plants. If room permits the rows may be banked solely with soil. Or if space is limited, boards may be set along each side of the row and soil worked around the growing plants.

Customers' Corner*Declaration of Dependence*

This week marks another anniversary of the signing of your country's Declaration of Independence — the basic principles on which America was founded.

If we may, we'd like to repeat the basic principle on which A&P was founded, "To provide more and better food to more people for less money."

This policy is A&P's "Declaration of Dependence." We have depended on it for our growth because it benefits our customers. They depend on it, too.

King St. Mrs. Mabel Rittase, president of the auxiliary, presided and appointed the various committees as follows: Finance, Mrs. Mary Hilda Fortney, chairman; Mrs. Erma Reed and Mrs. Mildred Flynn; visiting committee, Mrs. Edna Olinger, chairman; Mrs. Hilda Conover and Mrs. Catherine Simpson; delinquent, Mrs. Louise Sents, chairman; Mrs. Elda Gage and Mrs. Louise Morelock; visiting, Mrs. Mildred Sparver, chairman; Mrs. Florence Sheely and Mrs. Geraldine Williams; entertainment, Mrs. Velma Eyer, chairman; Mrs. Ruth Weaver, Mrs. Carmen Slick, Mrs. Helen Oaster and Mrs. Learna Bowman;

auditor, Edward G. Loeffel; investigating, Mrs. Mary Selby, chairman; Mrs. Mildred Smith and Mrs. Charlotte Roser. The secretary's report was presented by Mrs. Annabelle Ohler. It was announced that Mrs. Ohler, as delegate, Mrs. Rittase, Mrs. Ruth Crouse and Mrs. Elda Gage are representing the organization at the annual convention of the Eagles Auxiliary held Tuesday and being held today in Reading.

During the social the guess package was presented by Mrs. Annabelle Ohler and was received by Mrs. Edna Olinger. Parlor bingo was enjoyed. The next meeting will be held Wednesday, July 16, 8 p.m. at the Eagles home.

Banks To Close

In observance of the 4th of July holiday, the Littlestown State Bank, the Littlestown National Bank and the State Liquor Store will remain closed all day on Friday.

The Rev. Fr. Edward J. Shanahan has announced that on Friday, a legal holiday, there will be a dispensation from the law of fast and abstinence. On Thursday, in preparation for the first Friday of the month, confessions will be heard from 4 to 5 and 7 to 7:30 p.m. On Friday Holy Communion will be distributed outside of mass at 5:45 and 7 a.m. with mass at 7:30 a.m.

Postmaster Clarence L. Schwartz Sr., has announced that on Friday, July 4, there will be no mail deliveries. Mail will be received and dispatched as usual and only perishables and special deliveries will be taken to their destination. The post office will be closed to window service customers.

MOST STORES TO CLOSE

It has been announced by Marvin F. Breighner, president of the Littlestown Chamber of Commerce, that a majority of the community stores will be closed all day on Friday.

day in observance of the Fourth of July.

Inhabitants of New Zealand have the longest life expectancy.

SEE YOU ON THE FIFTH!

Where are you going to be July 5? At home? At work? On vacation? Are you real sure? What makes you so certain you may not be one of the hundreds of people who will start out on a Fourth of July holiday trip—and won't come back?

Not a pleasant thought, is it? You may even be a little provoked that we've brought it up. Well, that's all right with us. For the more provoked you get, the more you may think about this Fourth of July traffic toll that annually makes a massacre out of a holiday that ought to be for pleasure and patriotism, not for tragedy.

You think it couldn't be you? That's what the 360 people thought who were killed over the Memorial Day holiday just a month ago. That's what the 8,936 people thought who have died in holiday traffic in the last six years. Yes, that's right—8,936 people killed in holiday traffic in the last six years! Almost three times as many as were killed at Pearl Harbor. Half as many as have died for America on the battlefields of Korea. How many of these 8,936 people thought when they started out during the holiday that they would never come back? Not one! This one was just driving around the block to get a morning paper. This one was taking his family to visit friends in Peoria. This one was merely crossing the street. Not one of them was purposely going out to get killed—Not One!

So, you see, it could be you. But here's the bright spot in the picture: it doesn't have to be you! The National Safety Council, which has the grim responsibility for estimating these holiday tolls in advance, says you can make its estimates look silly by merely using a little extra caution, common sense and courtesy to offset the extra holiday hazards. The Council says the toll could be cut in half, or even by two-thirds, if you and I would make up our minds that, by golly, we aren't going to be one of those holiday traffic statistics.

It's just that simple. Instead of saying, "It couldn't be me," just say, "It won't be me!" Then act accordingly. That's all there is to it. Happy Fourth of July! See you on the Fifth!

Lending Library Issues Report

High attendance recorded for the past Rotary Club year of the local club was 98.8 and a loss of 92 percent as revealed at the weekly meeting of the Rotarians on Tuesday evening in Schottie's Hotel. The annual reports were given by the various officers and committee chairman including a report by the new president, Theron W. Spangler, on the proceedings on the district assembly held last week in Palmyra. Paul R. Snyder, secretary, presented the attendance record for the year. Treasurer Edward H. Leister gave the annual financial report. Charles E. Ritter, immediate past president, spoke on the condition and activities of the Rotary Chest Fund. L. Robert Snyder, chairman of the Student Loan Committee, submitted a report on the activities of this group. The club members received the first issue of the bulletin prepared by the new editor, Lloyd L. Stavely. There were two Rotarian guests present from Westminster, Lester Welliver and William J. Hibberd.

At the meeting next Tuesday, 6:15 p.m. at Schottie's, a club assembly will be held, at which time committees and programs for the coming year will be announced. The following week the program will be in charge of the International Service Committee, Cloy I. Crouse, chairman. The Rotarians are planning to attend the Washington-New York baseball game in the capital city on August 5, and a play at Allenberry or the Totem Pole Playhouse on August 15.

LITTLESTOWN — Three local youths recently enlisted in the U.S. Air Force as reported by S. Sgt. Richard D. Barlet, in charge of Army and Air Force recruiting at the Hanover post office. They were George Staley King, who resided with his aunt, Mrs. Annie M. Rohrbaugh, 157 Cemetery St.; John C. Harner, son of Mr. and Mrs. James Harner, 138 West King St., and Harry Maxwell Badders III, son of Mr. and Mrs. Harry W. Badders, 101 Lumber St. Badders was graduated from the Littlestown Junior-Senior High School with the Class of 1952.

Mrs. Alma Straley, East King St., and her brother and sister-in-law, Mr. and Mrs. Milton Morehead, and daughter, Peggy Ann, near town, left recently to spend a week with the former's husband, Pfc. William I. Straley, who is stationed at Camp Gordon, Ga.

Emily Badders, daughter of Mr. and Mrs. Harry W. Badders, Lumber St., and a student nurse at Church Home and Hospital, Baltimore, spent the week end at the home of her parents.

Mr. and Mrs. Joseph O'Brien, Auburn, N. Y., were recent visitors for several days at the home of Mr. and Mrs. A. W. Schott, South Queen St.

Week-end visitors at the home of Mr. and Mrs. Charles Hare, Lumber St., included their son and daughter-in-law, Mr. and Mrs. Mark Hare, and daughters, Pauline and Louise, of Lititz.

Mrs. Walter Gemmill, Richmond, Va., returned to her home after visiting for two weeks with her parents, Mr. and Mrs. George L. Maitland, West King St., and with other relatives and friends in the community.

The members of the Littlestown High School Band will meet on Friday afternoon at 1:30 o'clock at the school building to go to Gettysburg to participate in the holiday parade.

Gloria Jean Hammie, daughter of Mr. and Mrs. Stewart Hammie, Spring Grove, returned home after spending several days with Mr. and

CIO STEELMEN WORK ON SMALL FIRM PACTS

PITTSBURGH (P) — The CIO United Steelworkers continued to try to bring smaller companies into the contract fold today despite a statement by a top industry executive that the big companies can't give in to the demand for a union shop.

A steelworkers' spokesman, pointing to the more than 50,000 steelworkers who have been covered by news pacts since 650,000 workers struck a month ago, declared:

"We think more of the smaller companies will be in line this week."

The statement came in the wake of a prediction by Charles H. White, head of Republic Steel, that there will be a "long drawn out fight" between the steel producers and the union headed by Philip Murray.

White wired Presidential Assis-

tant John R. Steelman:

"We have fully explored the possibility of reconciling the union shop issue with the CIO and we see no possible area of compromise."

Strike In Mines

The steel executive told Steelman that a parallel strike in the great iron ore mines of Minnesota is becoming "disastrous."

White said if the iron ore strike continues there will be no possible chance of the resulting ore shortage being made up by all-rail shipments. Much of the ore is shipped over navigable waters in the summer months.

Murray made no comment on White's telegram.

Hold Secret Sessions

Despite reports of a secret negotiating session in New York today, a source close to Murray said, "As far as I know Mr. Murray will be right here (in Pittsburgh) at his desk."

Meanwhile, the union drive to sign small companies was going ahead with secret negotiations reported at Denver, Colo., and Granite City, Ill.

Talks between the union and Wheeling (W. Va.) Steel Corp. were broken up with no reported progress.

"JUST ABOUT" DECIDED SAYS GOVERNOR FINE

CHICAGO (P)—Sen. Robert A. Taft prepared today for another important meeting with Gov. John S. Fine of Pennsylvania, who presumably controls one of the largest blocs of uncommitted Republican convention votes.

Fine has consistently said he hasn't made up his mind between Taft and Gen. Dwight D. Eisenhower.

But last night, just before his departure from Harrisburg, Pa.,

for his meeting here with Taft, he was asked whether he'd reached a decision.

He replied, without elaboration: "Just about."

The 70-vote Pennsylvania delegation has met en masse with both Taft and Eisenhower. Consequently this second meeting between Fine and Taft is considered exceedingly important by political observers in Chicago.

On the eve of the governor's visit, the Pennsylvania committee-man, G. Mason Owlett, denied reports that Taft campaign managers have given up on Pennsylvania. Owlett's written statement was released on the stationery of the "Taft convention headquarters" although he has previously said he was uncommitted.

The statement said: "It is per-

flectly apparent to me the situation in Pennsylvania as far as Sen. Taft is concerned has shown an increase in his delegate support over an appraisal made by me at Hershey a week ago. . . . In the last 24 hours, Taft has picked up three new commitments from the state."

In Associated Press tabulations Pennsylvania's delegation has been estimated at 32 votes for Eisenhower, 24 for Taft, and 14 undecided.

Fine is considered to have influence over 30 votes.

"I can always go back to the

drug store," he says. Humphrey is a licensed pharmacist — and an expert soda jerk and short order cook. He could also turn, if necessary, to salesmanship, teaching, radio commenting, or to the lecture platform.

He has tried them all — sometimes two to three at a time — on his way to the Senate and a position in his party that is winning him consideration for the presidential nomination.

Ran For Mayor

Humphrey, now 41, made his first try for political office in 1943. He ran for mayor of Minneapolis and lost. The next year he helped merge the Minnesota Farmer-Labor and Democratic parties. He was offered the joint party's nomination for governor, but rejected it in favor of another race for mayor in 1945.

This time he won, and two years later he was re-elected — this time with the support of both business and labor. During his terms as mayor he conducted a vigorous cleanup campaign, built a reputation as a willing and able speaker, and established a city fair employment practices commission.

Fought For Civil Rights

He used the experience of that commission at the 1948 Democratic National Convention, where he led the fight for adoption of a strong civil rights stand.

Following the convention Humphrey conducted an intensive street-corner campaign to win the senatorship from Sen. Joseph H. Ball.

He got applause within his own party — and even reluctant admiration from Minnesota Republicans — when last year he engineered the appointment of Minnesota's Republican governor, Luther W. Youngdahl, as a federal district judge.

Administration Supporter

In the Senate Humphrey generally votes with the administration. He has backed public health and other social legislation, fought to plug tax loopholes, sponsored liberalization of laws respecting immigration of displaced persons, and has helped investigate the Reconstruction Finance Corp. and the surplus ship deals.

Humphrey is a native of Wallace, S. D. He was valedictorian of his Doland, S. D., high school class, having also found time for football, basketball and debating. He enrolled at the University of Minnesota, but depression condi-

TAKE 24-HOUR RECESS FROM TRUCE TALKS

MUNSAN, Korea (P)—The snarled Korean armistice talks are in recess for 24 hours at Communist request. The Reds gave no reason for asking cancellation of today's session, but the U. N. Command immediately agreed.

The recess came just one day after Maj. Gen. William K. Harrison Jr. painstakingly reviewed the April 28 Allied plan for exchanging war prisoners and suggested that it offers the Communists a face-saving way to end the long stalemate.

There was no indication whether the Reds were re-studying their demand that all Allied-held prisoners be sent home or were drafting their own proposal for presentation Thursday.

Prisoners Still Issue

The prisoner issue is the main item on an armistice. The Allies refuse to return prisoners who do not want to go home. The Reds want all military captives back.

Some observers here speculated that the Communists are studying carefully Harrison's lengthy review of the prisoner problem.

In effect, the chief U. N. truce negotiator told the Reds the Allies

would erase from their prisoner lists about 100,000 captives who say they will not repatriate.

Would Get Them All

This would leave 70,000 to 80,000 Reds to be returned when an armistice is signed.

Harrison suggested that the U. N. plan would meet Communist specifications since war prisoners who refuse repatriation would be given some other classification and removed from the official roster.

The Reds then would get back what they have demanded—all of the war prisoners in Allied hands.

East Berlin

EAST BERLIN—Solicitations and preparations have begun for the annual "Paradise Picnic" to be conducted at the Adams County Fairgrounds for the benefit of Paradise Catholic Church, early in August.

Mrs. Bert Stambaugh is reported slightly improved after more than a week's confinement to bed due to serious illness. She is able to sit up for a part of the day.

Misses Eulalie and Evelyn Kuhn, Brooklyn, N. Y., are spending several days with their sister, Mrs. Augustine J. Tierney, and her daughter, Miss Bettie M. Tierney, "Dona Vista," near town.

Jean, eldest daughter of Mr. and Mrs. Eugene Tanner, is recovering after a recent illness and is able to attend.

Judene, infant daughter of Mr. and Mrs. Harold E. Cramer, has recovered from a recent illness.

Ruth Ellen, younger daughter of the Rev. and Mrs. Alton M. Leister, of the Zwingli Reformed parsonage, is preparing to submit shortly to a tonsil operation.

All families of the congregation of Paradise Catholic Church have been invited to attend a picnic on the grounds of the church Sunday, July 13, where a basket luncheon will be held.

David Golding, Grass Valley, Calif., with a daughter, Mrs. Phoebe Louie, who resides with him, are here this week due to the death on June 22 of another daughter, Mrs. Charles M. Heiner, R. 2.

Monthly First Friday devotions for the month of July will be conducted for the congregation of Paradise Catholic Church, Protectory boys and the Sisters of St. Joseph in charge of them, July 4, at the Protectory Chapel with mass at 6:45, followed by special prayer.

Oliver Myers was recently awarded the contract to build the new kitchen-social hall annex to the rear of Trinity Lutheran Church.

Miss Geraldine Verna Lemmon, granddaughter of Mr. and Mrs. Thomas Straley, was married to Archie Daniel Leib Jr., son of Mr. and Mrs. Archie D. Leib, Abbottstown, at Trinity Lutheran Church on June 21 by Rev. Lester J. Karschner. The couple will go to housekeeping in the property owned by the bride's grandparents, recently vacated by Mrs. Nancy Fissell.

Abraham Altland, one of the oldest residents of this section who remains in good health despite his 92 years and an illness last winter, was honored recently at a surprise birthday celebration at the home of his daughter-in-law, Mrs. Bertha Altland, assisted by her son-in-law and daughter, Mr. and Mrs. Charles Fahs. Mr. Altland has been staying in York recently with a daughter, Mrs. Edna Goodling, who was among the guests. Also attending were: Mrs. Aaron Jacobs, Miss Catherine Copenhagen, Mrs. Amanda Seiffert and Mrs. Alfred Schimmel, all of York; Mr. and Mrs. Elmer Caler and daughter, Gloria, and son, Gary, and Miss Theresa M. Shultz, all of Hanover; Mr. and Mrs. Glenn Wehler and son, Barry, Franklin-town; Mrs. Katie Staub and daughter, Ruth, and son, Charles, Hamp-ton; Mr. and Mrs. Melvin Altland and daughter, Mary Elizabeth, Norman Kroft Jr., Marion Shultz, Mr. and Mrs. Merle Altland and sons, Colin and Vane, Mr. and Mrs. Paul Fahs and daughter, Madeline, Mrs. Mabel Fahs, Barry Fahs, Mr. and

Mrs. George E. Mummert and Mrs. Annie Ruth.

Esso Extra Gasoline

Many motorists believe that all good gasolines are generally pretty much alike. But here are the facts as proved by industry-accepted road and laboratory tests!

Esso Extra gives you a remarkable combination of qualities that will improve the all-year, all-around performance of 9 out of 10 cars on the road.

We believe trial will prove to you Esso Extra delivers results no other gasoline can. It gives you full power, long mileage, high anti-knock, quick starting, fast engine warm-up, and protection against vapor-lock stalling.

And while you're at your Esso Dealer's, there's certainly no better time to let him give your car a complete lubrication and careful check-up for the hot weather driving you'll be doing.

* Esso Extra Gasoline is good for ALL cars, but in 9 out of 10 it will give better all-around performance all year 'round than any other gasoline. Only a car with an engine that's poorly adjusted, badly worn, or one with unusual compression characteristics may be unable to use fully the many extra qualities of this great gasoline. BARE-KNUCKLES STAGE REACHED IN GOP BATTLE

By ED CREAM

CHICAGO (AP)—The Taft-Eisenhower fight tore into the bare-knuckles stage today.

And though it could be different next week, when the Republican National Convention gets down to the business of actually naming a presidential candidate, Sen. Robert A. Taft appeared to have the political muscle to forge ahead on points in the pre-convention struggle.

Currently he led Gen. Dwight D. Eisenhower, his principal rival, 474 to 410 in the Associated Press tabulation. That count is based on delegates pledged, instructed or willing to express a preference, as well as on candidate concessions. It takes 604 votes to win the nomination.

Fight In The Dark

Today's round in the battle for more delegates was a fight in the dark so far as those who had hoped to watch on television or hear on the radio were concerned.

TV and newsreel cameras, radio microphones and even news cameras were barred as the GOP National Committee called its members into session with Georgia on its mind.

It was up to the 106-member committee to decide between the claims of two delegations who wanted to vote on behalf of Georgia Republicans at the convention.

One is solid—would cast all of Georgia's 17 votes for Taft.

72 Are Involved

The other numbers 14 supporters

of Eisenhower, two of Taft, on uncommitted either.

Once Georgia is disposed of, the committee has to tackle contest between Eisenhower and Taft backers in Kansas, Louisiana, Mississippi, Missouri and Texas. Texas was the biggest—38 delegates a stake. It may not get committed action before Thursday or Friday.

All told, 72 delegates have been involved in these contests—or 8 if one of the Georgia groups gets the extra 13 before the committee.

A possible three more disputed delegates from Puerto Rico would bring the total to 88.

Taft Calls Tune

As of last night the Taft forces were calling the tune.

An 18-member Florida delegation almost solid for Taft was recognized by the national committee in a unanimous vote.

Its opposition announced early today it will appeal the committee's decision, first to the convention's credentials committee and later to a vote of the full convention if necessary.

With the Florida contest knocked off its own schedule, the national committee overrode loud objections from Gov. Thomas E. Dewey and other Eisenhower supporters in voting 60 to 40 to bar radio microphones and all sorts of cameras from its deliberations.

Work On Platform

Taft himself said they could go ahead and televise the sessions for all he cared.

Policy makers worked serenely at the job of drafting a platform—outwardly free of the bitter battle between Taft and Eisenhower forces for control of the convention.

The Platform Committee arranged to wind up hearings today at which spokesmen for business, organized labor, farm and other groups were invited to recommend

Weddings

Warner-Currans

Miss June E. Currans, daughter of Mrs. Louisa Currans, 46 Crouse Park, Littlestown, and William E. Warner, son of Mr. and Mrs. Edward P. Warner, Taneytown, Md., were united in marriage on Saturday afternoon at 2 o'clock in the Evangelical United Brethren Church, Taneytown. The double ring ceremony was performed by the pastor the Rev. A. W. Garvin.

Miss Betty Eyer, Littlestown, cousin of the bridegroom, was the maid of honor. The groom chose for his best man, his brother, Richard F. Warner.

The bride was attired in a street-length dress of white organdy over white faille. She carried a colonial bouquet of red rosebuds. The maid of honor wore a dress of white organdy over pink faille and carried a colonial bouquet of mixed flowers.

Following the ceremony, the bridal party and close relatives were entertained at a reception at the home of the bride's mother. A three-tiered wedding cake, topped with a miniature bride and groom, formed the centerpiece of the bride's table. The newlyweds will make their home at 116 Cemetery St., Littlestown.

The bridegroom, who has been discharged after four years of service with the 82nd Airborne Division, Fort Bragg, N. C., is now employed by Black and Decker, Hampstead, Md. Mrs. Warner is employed by Sylvia Garments Inc., Littlestown.

Straley-Speelman

Miss Evelyn B. Speelman, daughter of Mr. and Mrs. Luther Speelman, Littlestown R. 2, became the bride of Irvin H. Straley, son of Mr. and Mrs. Harry M. Straley, also of Littlestown R. 2, at a ceremony on Saturday afternoon at 5:30 o'clock in the parsonage of St. Mary's Evangelical Lutheran Church, Silver Run. The pastor, the Rev. Dr. Frederick R. Seibel, performed the ceremony. A reception was held at the home of the bride's parents with approximately 50 guests in attendance. The bridegroom is employed by the Cannon Shoe Company, New Oxford. Mrs. Straley is employed by the Hanover Wood Heel Company.

Klunk-Wintrode

Redeemer's Evangelical Reformed Church, Littlestown, was the scene of the marriage of Mrs. Rena Ellen Wintrode, 6 W. Chestnut St., Hanover, and Charles Joseph Klunk, 220 North St., McSherrystown, on Sunday afternoon at 2 o'clock. The pastor, the Rev. Frank E. Reynolds, officiated, for the double ring ceremony performed in the presence of relatives and friends of the couple.

Mrs. Nannie Lamb, Hanover, was the matron of honor, and L. Robert Crouse, Littlestown, cousin of the bride, served as best man. The ushers were Carroll Miller and Raymond Rexroth, both of Littlestown, grandsons-in-law of the bride.

The bride was attired in a gown of black lace over green satin with matching accessories and a pink rosebud corsage. The matron of honor wore a black chiffon gown with black accessories and a corsage of yellow rosebuds.

Mrs. Raymond Rexroth, Littlestown, granddaughter of the bride, was the soloist, accompanied by Mrs. Elwood H. Leister, church organist, who also played the traditional wedding marches. The church altar was decorated with summer flowers.

Immediately following the ceremony, a reception was held at the Holland Restaurant, Hanover.

Mr. Klunk is employed by the Littlestown Hardware and Foundry Company Inc., and Mrs. Klunk is an employee of the Hanover Manufacturing Company.

The committee then will begin putting its views into written words.

Lauds James B. Aumen

"Credit for the excellence of the Gettysburg Fire Department is due largely to one man, James B. Aumen. I wish he were here tonight."

Dr. Rosenbach, a native Philadelphian, was an educator, editor and author. He was president of Gratz College, a member of the board of governors of Drexel College and had published many books and articles.

Last March he sold his private collection of Shakespeareana, believed to be the largest in the world, to Dr. Martin Bodmer of Geneva, Switzerland, vice president of the International Red Cross. The transaction was reported to have involved more than one million dollars.

In April, 1946, Dr. Rosenbach bought the original manuscript of "Alice in Wonderland" for \$50,000. Eighteen years before he had paid \$75,259 for the same manuscript.

Dr. Rosenbach's collection ranged from books and sport prints to rare religious papers. He made one of his most noteworthy purchases in 1946.

Officers Introduced

County officials who spoke briefly included Charles Bretzman, Bendersville, president of the county association, and John Murren, Centennial, county fire marshal and head of the emergency fire services of the county Civil Defense unit.

Mr. Weaver joined with Judge Sheely in praising the "Aumen influence" in the "spirit of cooperation and modernization" of the Gettysburg Fire Department, and expressed his own and the fire department's regrets that Mr. Aumen was unable to be present.

The three chiefs of the department were introduced: Chief Donald G. Jacobs, First Assistant Chief Donald W. McSherry and Second Assistant Chief Donald E. Staub. The benediction was given by Rev. Schiebel, and the color guard and others stood at attention as the band concluded the ceremonies with the National Anthem.

The Blue and Gray Band gave a concert following the program.
